LinkedIn: sunil-kumar-polisetti | GitHub: Sunil-Polisetti | Kadapa, Andhra Pradesh

Technical Skills

Programming	Java, JavaScript, Python
Frontend	HTML5, CSS3, React.js, JavaScript ES6+
Backend	Spring Boot, Hibernate, JDBC, REST APIs, Node.js
Database	MySQL, MongoDB
Core Concepts	Object-Oriented Programming (OOP), DBMS, Data Structures

Experience

TAP Academy <i>Full Stack Developer Intern</i>	Feb 2026 – Aug 2026
--	----------------------------

- Developed and deployed full-stack applications using Java, Spring Boot, MySQL, React.js, JavaScript, and REST APIs.
- Implemented backend functionality using Spring Boot, Hibernate, and JDBC for database connectivity and persistence.
- Implemented secure authentication and optimized REST APIs to improve application performance and reliability.
- Followed clean and scalable architecture while developing modular and maintainable backend services.

Projects

1. Angular Shopping Cart	<i>Angular, TypeScript, HTML5, CSS3, JavaScript</i>
---------------------------------	---

- Developed a responsive shopping cart application with product listing, cart state management, and dynamic price calculations.

2. E-Bucket React Application	<i>React.js, JavaScript ES6+, HTML5, CSS3</i>
--------------------------------------	---

- Built an interactive online shopping application using React Hooks and component-based architecture.
- Implemented component state management and client-side product filtering for an improved user experience.

3. Banking Application	<i>HTML, CSS, JavaScript, Node.js, MongoDB</i>
-------------------------------	--

- Developed a banking web application supporting customer accounts, deposits, withdrawals, and transaction validation.
- Integrated Node.js with MongoDB for backend data storage and account transaction management.

Achievements

- Built multiple projects using Java, Python, Angular, Spring Boot, MySQL, HTML, CSS, JavaScript, and React.
- Strengthened problem-solving and programming skills through continuous practice in Java and Data Structures.

Education

Sri Venkateswara College of Engineering and Technology (Autonomous) <i>Bachelor of Technology (B.Tech)</i>	2023 – 2026 <i>Chittoor, India</i>
--	--

CGPA: 7.99 / 10
