Skills

- **Programming:** Java, Python, JavaScript
- **Frontend:** HTML, CSS
- **Backend:** REST APIs
- **Database:** MySQL
- **Core:** OOPs

Projects

Online Shopping Cart (Angular)

Tech: Angular, TypeScript, HTML, CSS, JavaScript

- Developed a **responsive shopping cart application** using **Angular**.
- Implemented **product listing, add/remove cart, quantity management, and total price calculation**.
- Built dynamic UI using **Angular components, data binding, and directives**.
- Used **services and routing** for efficient state management and navigation.
- Applied **responsive design** for cross-device compatibility.

Console-Based Banking Management System

Tech: Core Java, OOPs

- Developed a **console-based banking system** to simulate real-world banking operations.
- Implemented features like **account creation, deposit, withdrawal, balance inquiry, and account management**.
- Applied **OOP principles** such as encapsulation, inheritance, and abstraction for modular design.
- Implemented **exception handling and input validation** for secure and error-free transactions.
- Designed a **user-friendly CLI interface** for smooth interaction.

Experience

TAP Academy

Full Stack Developer Intern

Feb 2026 – Aug 2026

- Developed and deployed **Full Stack Applications** using **Java, Spring Boot, MySQL, React, and REST APIs**.
- Implemented **secure authentication** and improved API performance.
- Followed **clean and scalable architecture** in backend development.

Achievements

- Built multiple **full stack projects** using **Java, Python, HTML, CSS, JavaScript, Angular, MySQL**.
- Strengthened problem solving skills through **Java and Data Structures**.

Education

B.Tech

2023 – 2026

Sri Venkateswara College Of Engineering and Technology (Autonomous)

CGPA: **7.7**

Chittoor, India
